Re: VILLAGE BRUSH DUMP Regulations

- A season ***dump permit*** for each address is required to utilize the dump (see info below.) Every load is to be checked in with the attendant. (You will be required to show your dump permit and drivers license to the attendant.) The permit fee ensures that those residents who utilize the dump help pay for the cost of the attendant. The Village will fund the cost of cleaning out and/or burning the waste pile several times each year.
- The brush dump will open for business on ***Saturday March 28th*** - Permit required.
- The brush dump will be open ***Saturdays only*** from ***8am-2pm*** through November – weather permitting. Permit required. (In case of inclement weather the brush dump will close for the duration of the weather event.)
- ***ONLY grass, leaves and garden waste*** will be allowed in the dump – (no limbs or tree branches allowed except on the first Saturday of each month.) Permit required.
- Brush and limbs will be accepted on the first Saturday of each month. ***First Brush Day – Saturday, April 4 from 8:00am-2:00pm – will accept limbs and branches (4 inches in diameter or less.)*** No logs, tree trunks, full trees, etc. will be allowed. Permit required.
- Please note: Huenink Refuse will take limbs and branches (4 inches in diameter or less) if they are cut into 4 foot lengths and bundled to be easy to handle. Huenink Refuse will take a “reasonable amount” of brush per week. They ***will not*** take grass, leaves, garden waste, logs, tree trunks or full trees.
- 1 Day Brush Dump permits are available for \$10/each. Please call the Village office during regular business hours for more information.
