- Maintenance is currently jetting sewer lines and flushing fire hydrants
- Maintenance is exercising water valves
- Well drawdowns have remained steady

It was stated that the Hail Damage Roof Replacement project done by Roof Guard is now complete. Only vent covers on the old fire barn remain to be replaced.

The Board agreed to include the small street repair projects together as a bid option when the downtown sidewalk and Firth Road sidewalk projects are bid. It is thought that this will help get lower bids for the street repairs since it will be coupled with a larger project.

The Board discussed recent vandalism in the main park and also at the lift station, the ball park concession stand, and the brush dump area. It was agreed to add “new fencing” for the brush dump area to the December meeting agenda. The Board will revisit the issue at the December meeting.

Committee Reports were given.

It was agreed to write off the remaining \$119.00 utility balance for 505 May Street. There were no actual utilities used. The estate is refusing to pay and the house has changed hands.

It was agreed to contact Paul Ebberts regarding pushing snow on the Park sidewalk in the event of a large snow.

At the October meeting the Board voted to put the Village garbage service out for bid. The current contract runs through June 2026. It was agreed to wait until January to request bids.

There was a brief discussion regarding several recent complaints of feral cats in a specific area of the Village.
